sinaibnamin@gmail.com

EXPERIENCES

Adventure Dhaka (2024 - Present)

Software Engineer (Back-end)

Worked on the development and maintenance of large-scale web applications in Laravel. Implemented API services, payment gateway integrations, and followed repository design pattern and SOLID principles. Also contributed to system architecture planning and deployment pipeline improvement.

Technologies: Laravel, MySQL, Git, API Integration, Unit Testing (PHPUnit), Payment gateway

ServiceEngineBPO (2021 - 2024)

Creative Developer (Frontend Developer)

Led frontend development for data-driven platforms targeting international clients. Developed responsive UI with **React**, managed complex state with **Redux**, and enhanced existing legacy projects using **jQuery**. Collaborated in Agile teams with cross-functional developers and designers.

Technologies: React.js, Redux, jQuery, Bootstrap, HTML5, CSS3, REST API consumption

Spinner Tech (2019 - 2021)

Web Developer (Full Stack)

Worked on multiple enterprise-level projects. Built RESTful APIs and user-facing features using **Laravel** and **React**. Designed database schemas, implemented authentication systems, and integrated third-party services, including **payment gateways**.

Technologies: Laravel, React.js, Vue.js (minor), MySQL, Blade Templates, jQuery, Git

SKILLS

- **Full-Stack Web Development:** Proficient in both frontend and backend development with modern JavaScript frameworks and PHP.
- **React, Redux & jQuery Expertise:** Built dynamic, high-performance UI using React ecosystem and legacy support with jQuery.
- **Backend Engineering with Laravel:** Developed RESTful APIs, integrated third-party services, and managed large-scale application architecture using Laravel.
- **Payment Gateway & API Integration:** Integrated global payment systems like SSLCommerz, bKash, etc., into production-ready applications.
- **Clean Code & Architecture:** Applied repository design pattern, SOLID principles, and unit testing to ensure scalable and maintainable codebases.

PROGRAMMING LANGUAGES & TECHNOLOGIES

- **Languages:** JavaScript (ES6+), PHP, C, C++, HTML5, CSS3, SQL
- **Frontend:** React.js, Redux, jQuery, Bootstrap, Tailwind CSS
- **Backend:** Laravel, Node.js (Express.js basics), RESTful API Development
- **Tools & Practices:** Git, Unit Testing (PHPUnit, Jest), Repository Pattern, MVC Architecture
- **Others:** AJAX, JSON, MySQL, GitHub, Postman, Payment Gateway Integration (bKash, SSLCommerz)

EDUCATION

International Islamic University Chittagong (2019)

BSc in Computer Science and Engineering

Chittagong Model College (2013)

HSC (Science)

Nasirabad Government High School (2011)

SSC (Science)
